Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The planning for 123 dwellings at this site is not sustainable. The infrastructure around the village is not sufficient to absorb the extra housing.</p> <ol style="list-style-type: none">1) this will make this village a commuter village only. Increasing car journeys because we have no real means of public transport.2) The road is so busy with bottle necks most of the day increasing the use of the small lanes locally.3) water services already struggling to meet the demand.4) Doctors- services appear to be stretched at Shepley surgery with long wait times and inferior service. Would hate to think what another 123 households would do to it + Vivly's new estate in Shepley5) schools the first school may have places but the middle school does not and there is a wait for high school places.6) Impact on Environment and loss of green space next to ancient woodland.7) lack of consultation with the village. We see Vivly estates been built locally and they are visually poor with no set aside or green spaces. In shepley they have crammed in houses right to the pavement. They are also very expensive and slow to sell. The area is very sensitive to environmental factors, I would hate to think that the woodland could be impacted and further down the valley too. <p>Please Kirklees help us, we don't ask for help too much in HD8 we look after our area.</p>
