<p>As a local resident who uses the woods regularly I'm appalled that there is a consideration to build on this site. This woodland is irreplaceable and harm caused by this development is irretrievable. It should be protected at all costs, not developed. The roads in this area are notorious for horrendous crashes and the amount of extra vehicles this would bring to the area is of major concern. Too many lives have been lost already and yet again thoughtless planning would potentially cause more harm to local residents who would be affected by this.</p>
