I am objecting to the new development for the following reasons : -

1. The safety of the local children. There will be vastly increased traffic on the local roads and thus increasing risk for children crossing the roads. The site offers limited access to services if needed.
2. Is the local school large enough to take in an increase in the local youth population?
3. The local designated Green Belt will be harmed. The development does not fall within the exceptions allowed for building on Green Belt land. This would damage the character of the locality.
4. There will be loss of habitat for the local wildlife. The biodiversity will decrease.
5. There will be additional usage on the local drainage and sewerage, and this could cause additional problems to those already happening.
