<p>This is a totally unacceptable development on highly ecologically valuable green space land. Previously undeveloped green field sites such as this are precious and irreplaceable. Additionally, the surrounding local infrastructure, especially roads, is not suitable to accommodate the extra demand these houses would place on them. Kirklees has plenty of Brown Field sites that should be used up before we have to lose any more of our countryside. Impacts on adjacent woodland in particular can not be mitigated. Local schools and doctors are already stretched to near failure and can not accommodate the extra demand these homes will place on them.</p>
