<p>I would like to object to this application.</p> <p>The Field is Greenbelt, not low quality at all. There is no such term in land allocation as low grade Greenbelt.</p> <p>Upper Cumberworth is not in need of housing. And this is not an "obvious extension" of the village.</p> <p>The village has a rural character, which must not be lost.</p> <p>The land owner has had plenty of previous permissions for housing and sold off plenty of parcels of land previously in the village.</p> <p>This field is positioned adjacent to ancient woodland and the field contributes towards the high level of ecology such as hydrology, topography, space and setting. Which the woodland requires to survive.</p> <p>Please do not allow GREEDY developers and land owners ruin our Green land.</p> <p>If we need housing, we must be looking at the 5k plus houses within the Kirklees area that are positioned on Brownfield sites, with permission already granted.</p> <p><b>REFUSE NOW</b></p>
