I wish to object to the application on the grounds of the close proximity, and threat to the ancient woodland. The site lies close to this beautiful woodland and I have serious concerns. I understand the CPRE have also raised concerns. As a young adult more and more of our beautiful landscape is disappearing along with the wildlife that live there.

I love to visit my girlfriend in UC and enjoy walking in the woods and fields nearby. I also think it will lead to even more traffic and pollution. The drive from my home in Kirkheaton to visit is already busy and the junctions at the sovereign and Barnsley road are so dangerous. It is a development planed in the wrong place and as such I wish to object.

Kind regards
