| <p>I strongly object to the building plan for land off Barnsley road, upper Cumberworth on the following grounds:</p> <p>1 the impact of more traffic on Barnsley Road particularly at the junction of the bottom of Carr Hill Road where turning right is often hazardous now, this development has the potential to increase local traffic by approximately 200 more cars. Furthermore Carr Hill Rd is already a cut through for many cars and HGVs, this road, does not have footpaths for a large run and is a hazard for pedestrians now, this development would further increase this problem. Upper Cumberworth is already going to be heavily impacted by the HGVs arising from the new quarry site, an increase in cars will contribute to long delays at the Sovereign junction.</p> <p>2 this is a development on green belt land not identified in the Kirklees local plan</p> <p>3. The destruction of land will destroy habitats for wildlife and grazing for sheep</p> <p>4. There is little infrastructure to support this growth in population, one small post office/store, no GP surgery or dentist</p> <p>5, the bus service is poor, it takes over an hour to get to Wakefield or Huddersfield by bus</p> | |
