

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I object to this proposal on the following grounds:</p> <p>1. Unsustainable Location & Increased Traffic The scale of this development is not supported by the existing infrastructure. Local services are limited, meaning future residents will be heavily reliant on cars. This will lead to a clear increase in traffic on already pressured routes, particularly along Barnsley Road, raising concerns around congestion, safety, and pollution. This level of car-dependent development is contrary to the principles of sustainable development set out in the National Planning Policy Framework.</p> <p>2. Drainage, Flood Risk & Sewer Capacity There are serious unresolved concerns regarding drainage and infrastructure capacity. Both surface water management and foul drainage appear inadequate, with risks of increased runoff, pressure on the existing sewer network, and potential impacts on public health and the surrounding environment. Without clear, deliverable solutions in place, the proposal introduces unacceptable risk and should not be approved.</p>
