

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The proposals to construct 123 dwellings on prime agricultural land adjacent to ancient woodland and the Kirklees Habitat Network are shocking. The issues and objections which have been raised during the consultation period are vast and valid unlike the downright ridiculous supporting comments which lack any substance, are repetitive and do not include any planning related information. One can only imagine where these comments originated and for what benefit.</p> <p>To claim the development should go ahead to keep the pub open goes against the landlords own objection, the post office has also objected. Both businesses are thriving.</p> <p>To suggest villagers support the development is unbelievable given that the majority, those with no financial interest in the proposals, have attended numerous residents meetings whereby the church is each time well over capacity with people sitting on the floor and spilling outside in their dozens. These are the people that have united in their disbelief and have proudly displayed their objection posters since early 2025. It is very clear that the village says no! The village wants to protect its trees, its green belt and its identity.</p> <p>Plans have circulated for other supposed 'grey belt' proposals locally, although also barbaric, it was noted that those proposals included c.50% site area set aside for biodiversity. The Vivly proposals allow for pretty much nothing and the true ecological value has been repetitively misrepresented throughout the submissions. Please don't allow them to get away with this again.</p>
