

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I strongly object to the proposal for many reasons. This is green belt land, and therefore should be protected from development, as well as the fact it contravenes: • Local Plan Policy LP33 • Local Plan Policy LP24(i) • The National Planning Policy Framework (NPPF). As this is Ancient Woodland and therefore irreplaceable, insufficient measures have been taken to protect it. As a result under national planning rules the application should be refused. Other considerations: • Pollution from additional road traffic. Due to the location of the site, this proposal would increase the traffic to and from services not in walking distance eg train station and doctors. Local services are already over subscribed and Yorkshire Water have stated the current sewer network would not be able to handle the extra homes. • Insufficient drainage proposed and destruction of habitat for many species including Great Crested Newts. The proposal poses serious risk to protected trees and fails to meet key planning and environmental standards, eg: • No provision has been made for tree-lined streets, as required by national policy
