

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I am writing to object in the strongest manner about the impact of this planning application. In my opinion this will have a devastatingly negative impact upon our community and the already high vehicle traffic which is experienced within the village. The roads in and around upper Cumberworth and key routes around here are not suitable for increased traffic or congestion. On any day there are large volumes of traffic which are impacted on narrow roads to travel in the direction of lower Cumberworth and significantly dangerous road junctions. On a monthly basis we hear about and witness road traffic accidents at the sovereign junction, the top of Carr hill road and the star cross roads at Barnsley Road. Being the parents of two children who have to cross the road independently for school transport and use the local roads for leisure we worry about their safety on a daily basis. I cannot imagine how impactful an additional 250 + cars would have on our local road network. For this reason I would hope that those responsible for the planning application reject this.</p>
