<p>I would strongly object to an extension of this size considering the neighbouring properties being flats for over 60's, my mother being one of the residents. The residents of these flats and, the care home chose this area for its peaceful nature. A property of the size planned would adversely affect this in my opinion. The planned extension would double the living area of the property, much of the garden and parking area being reduced and given that Sugar Lane is currently being investigated due to the speeds being driven down this road, additional cars parked would cause safety concerns. I am not opposed to an extension in principle but the planned changes seem extreme and certainly beyond what has been done on similar properties in the vicinity.</p>
