Subject: Application Number - 2026/90036

Dear Sir/Madam,

I am writing to formally support the above-referenced planning application. As a resident living directly opposite the property, I believe the current fence is a significant improvement over the previous overhanging conifers.

The installation is much tidier and better compliments the character of the neighbourhood. Beyond its aesthetic appeal, the fence provides essential privacy for both the owners and surrounding neighbours, while ensuring a safe environment for their young family and pets. I fully support the application and would strongly oppose any requests for amendments to the existing structure.

Kindest regards,

10 Arran Close,

Golcar,

HD7 4RP.
