Good afternoon,

I have been informed of the situation regarding the fencing of a house at the entrance to Arran Close. As far as I am concerned the fencing that they have put up is a massive improvement on the old conifer trees that were there that were unsightly and took over quite a bit of the pavement and which hindered your view when driving out of Arran Close and entering Banks Road. Anybody with any sense would surely deem this to be a benefit as if you look to the left when leaving Arran Close the conifer trees at that house cover the pavement making it harder to see in that direction. The fence has been installed to a high quality and is neat and tidy and should be left as it is. It offers a young family some privacy and security on their property.

I hope this helps but feel free to contact me with any questions you may have.

Regards,

10 Arran Close, Golcar.
