Planning Application Reference: 2026/90116 Site: Land at Eastborough Crescent, Dewsbury I am a resident living on a neighbouring street and I wish to object to this application. The proposal will increase parking pressure in an area that already suffers from congestion. Eastborough Crescent and surrounding streets experience high levels of on-street parking the safety of the young children. And elderly not being able to move around safely. and the addition of two dwellings will lead to overspill parking and highway safety concerns. The development will also increase traffic and vehicle movements on local residential roads, which are not suitable for additional traffic and will negatively impact pedestrian safety and residential amenity. In addition, the proposal would result in the loss of green/open land that contributes to the character of the area. This represents an over-intensive use of a small plot that is out of keeping with the surrounding neighbourhood. For these reasons, I believe the application should be refused.
