We fully support this application and are pleased to see plans coming forward for what is currently an unused and neglected piece of land on our road. Developing this space into a single detached home feels like a thoughtful and appropriate use of the plot. The proposal appears to fit well with the character of the surrounding area and would enhance the overall appearance of the street. It's positive to see investment in the neighbourhood, which can help maintain property values and contribute to a well-kept, cared-for environment.
