We have lived next to west house for 35 years . Since the new owners have moved in they have cut down multiple mature trees . The traffic on both Latham lane and Oxford road is already unbearable. There are schools at both ends of Oxford Road and at peak times its very difficult to get through and dangerous for the kids. These additional nine dwellings will add enormous pressure on the traffic in this area. Latham lane is already full of pot holes after recent developments . Cutting down mature trees that have been around for years is criminal in the first place and building new houses is going to effect the environment tremendously .
