<p>Whilst I support the redevelopment of the site, I do have concerns about how it will be integrated into the village. The development should enhance the rest of the village, in particular Peel Street but there is a danger it will just compete with existing businesses. There needs to be an holistic approach to ensure the best possible outcome for the areas adjacent to the site.</p> <p>I am also concerned as to whether adequate parking will be provided. Thanks to the short sightedness of Kirklees Council in introducing a ridiculously high parking charge at the goods yard, the village now has serious problems with parking, obviously commuters will park for free, given the chance . It is vital any parking provided alleviates the problem, not add to it.</p>
