<p>The redevelopment of the New Mills site is long overdue from a village aspect. The proposals should give a solution to a number of problems like parking and opening up a central 'dead' area.</p> <p>One aspect I would like to see retained if at all possible would be the facia of the Riverside along Warehouse Hill between Peel St and the covered river area which could be developed into retail, bars, cafe buildings between the river and the proposed car park.</p>
