<p>Having lived in the area for over 15 years. Our children enjoy walking over the fields and looking at the sheep and horses. Building on this land would be a shame to our area and not needed. Having more houses with more vehicles will cause more traffic for road uses as well as the possibility of yet more incidents due to inconsiderate drivers. If anything should be built on this land it should be something accessible for all the community such as football pitches, play grounds or somewhere for the younger generations to socialise and feel safe. There are already houses that have been left abandoned and derelict. Those houses should be looked at and made liveable for people before new homes being made.</p>
