<p>I would like to respectfully object to the proposed planning application for the construction of 37 houses on the field behind our home. This proposal has been ongoing for several years, and throughout that time the field has remained an important and valued open space for local residents. It is used daily by many of us for walking our dogs and enjoying the outdoors, contributing positively to our wellbeing and sense of community. The loss of this green space to a development of this scale would have a significant and lasting impact on both the character of the area and the quality of life for those living nearby. I strongly urge the planning authority to reject this application and preserve this much-used and appreciated local amenity.</p>
