I do not wish for my details to be published online however i would like to put foward an object to this application. Our health services in the local area are already maxed out and deteriorating due to the increase in population and lack of services available. Traffic is another issue within our locality. Roads are unable to be maintained by the council and this application will just put further stress in the local area. Local wildlife will be reduced and the green space used for locals will be no more.
