<p>I would like to object to the planning application.</p> <p>I am a resident on Sunny view Jones homes have previously put planning in which was rejected last time they withdrew the application as they were aware it would again be rejected. One of the points last time was the width of the road on Sunny View not wide enough for all the additional vehicles this would cause as it already is any visitors or additional vehicles at properties causes issues on the street it is already difficult to exit the road onto white lee road as it is that busy ( ive been previously hit by a vehicle on white lee road which failed to stop) the work carried out on white lee road where vehicles parked as insufficient parking for the school causes issues.</p> <p>Children play outside and building work to this area will cause danger to these children playing. IT WILL CAUSE NOISE BUILDING DUST ETC WE ALSO HAVE ISSUES</p> <p>With parking when training or matches are taking place causing additional parking issues. The area can not handle additional pressure on the services. We already have low water pressures and yorkshire water can do nothing and additional houses will make it worse.How many times do we need to object to these additional houses they cant made the highway wider as they will cause issues on existing properties if you look at even 2 cars per house which could be more in reality that is a minimum of 74 vehicles in and out on a already narrow road as vehicles/visitors already have to park part on the pavement so vehicles can pass.</p>
