<p>Having lived in the area over 60 years I have local knowledge, both of dwellings and the highways, and feel that a further 37 houses would be detrimental to the area in causing more congestion and the houses would give lack of privacy to the dwellings already in the area backing on to the the proposed site. We already have to queue up Carlinghow Lane and on White Lee due to the volume of traffic (peak times it is horrendous) and feel that another house build would create a lot more traffic as most homes are 2 car families and I would like to object to this development taking place. It has been greenbelt area for as long as I've been born and beyond and the greenbelt area is rapidly decreasing in a lot of our areas. This area is highly populated and needs to remain as is. I would also like to raise that creating more dwellings would also be detrimental to the facilities available, being local schools, nurseries, doctors and dentists who are struggling to provide services to the local community and have lack of availability to the community already residing.</p> <p>Please register both my spouse's objection as well as myself.</p>
