Firstly and importantly the property is located in a busy road area , bus stop and speed reduction from 50 to 30 mph adjacent.Obvious implications if troubled child was to slip out whilst under supervision. The grounds are heavily wooded and steep also possible for danger.Application includes a site map which is incorrect showing boundry as part of my property boundry 371 Meltham Road of which I have documentation.Currently there is over provision of children's homes in kirklees and probably better locations of current homes for care.Thank you.
