<p>I ask that my personal details and identifiers are NOT made public.</p> <p>My objection to this proposed development being:</p> <ol style="list-style-type: none"><li>1. That it is a development to service a business (holiday rentals) and the development does not provide housing stock for the locale., e.g. affordable housing.</li><li>2. There will be an increase in vehicle traffic along an established public footpath which could prove hazzardous for people.</li><li>3. The development (along with the new build adjacent) is establishing a potential ribbon development in the area.</li><li>4. Given the developments stated purpose, there is potential for increased noise and light pollution in the immediate rural area.</li></ol>
