<p>I am sorry to complain but it is so dangerous where the houses are planned It's so difficult with cars parked on both sides of the road to get out on to Chapel Hill Already before the building begins this morning there was a car parked on the right outside the plot nearly at the junction and another opposite it Then when you finally got to try and get out to Chapel hill There was a van parked just to the right so you couldn't see cars coming up And cars parked to the left so you can't see cars coming down It's absolutely stupid What's it going to be like when the building is going on. Possibly the site should have just 1 house so they have plenty of parking Also double yellow lines on one side of the road It's only a matter of time before there is accidents there Regards</p>
