Hi

Please can this be logged as a representation in relation to the above application?

Thanks
Sarah

Dear Sarah

I am writing to object to the planning application relating to 45 Fenay Bridge Road, Huddersfield.

A key concern is that the application does not specify the intended use of the proposed yard. Without this information, it is difficult to properly assess the potential impact of the development.

Depending on its use, there could be adverse effects on the local environment, including harm to wildlife in the surrounding area.

The site is located within a residential neighbourhood, and any development of this nature risks altering the character of the area. Increased noise levels, disturbance, and general activity could negatively affect the amenity currently enjoyed by residents.

I am also concerned about the potential for increased traffic and parking pressures. Fenay Bridge Road is already heavily used, and additional vehicle movements may worsen congestion and raise safety issues.

In light of the above concerns, I ask that the application be carefully reviewed and that these issues are taken into consideration.

Yours faithfully,
