I am writing to fully support the planning application for Iglu Sauna to remain at Upper Mills. It has been a fantastic addition to Slaithwaite over the last few months, turning a previously unused piece of land into a beautiful, low-impact community asset. The design of the site is incredibly thoughtful, using eco-friendly wooden structures and natural greenery that blend perfectly into the local environment with minimal noise or disruption. Its location is ideal—tucked away enough to feel peaceful, yet less than a 10-minute walk from the train station. This makes it highly accessible by foot and public transport, helping to promote sustainable travel without adding to town parking issues. Beyond the physical and mental health benefits it offers to Kirklees residents through affordable access, Iglu also acts as a great destination draw. Visits to the sauna regularly tie into trips to Slaithwaite's independent shops and cafes, directly supporting the local visitor economy and independent trades, I love hand-made bakery so i always tie the visits in togethee. Granting this five-year permission will give a brilliant local business the security to keep investing in our community. I strongly encourage the council to approve it. Its a gem! The staff are lovely and the community is great!
