I fully support this planning application and know that Sam and the iglu team have worked hard to make the sauna site an excellent experience. I know people who have visited this new site and have said how lovely it is. That it's in a lovely location and they've had a great experience. Also iglu have just won the Most Affordable Sauna in the UK at the National sauna awards. I know that Sam and the iglu team are committed to keeping the prices affordable so that all local people can come and benefit from sauna sessions. Saunas improve the quality of life for guests and provides a welcoming space to switch off from the outside world, relax, and connect with others. Local job creation: iglu's team directly supports the infrastructure and economy of the local area. As has been seen at their other sauna site in Hebden, there is a positive knock effect to local businesses from people using the sauna. Minimal external impact: low noise levels, thoughtful lighting, and subtle design. Local business collaboration: iglu works closely with other independent businesses and tradespeople to support Slaithwaite's broader economy.
