The site was cleared of all trees and vegetation without any consultation, which will of impacted on all wildlife in the area. There is considerable noise, when users are using the plunge pool. Whilst there is an adjacent pay and display Car Park, there is no dedicated free car parking. Hence, this just leads to further street parking on already heavily congested areas around the local vicinity. From a privacy point. It seems fine from walking on the canal towpath, but from the roads and houses up above, its not good for the people who live there. Or for that matter, those using the sauna taking showers, and using the plunge pools.
