

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Ranjit S Ma ' an c/o RSM Architecture & Design
Site Address	75 Lightridge Road Fixby HUDDERSFIELD. HD2 2HF.
Description of Development	Proposed Alteration and Extension

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
It is proposed to exceed minimum building regulation requirements.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Existing roof tiles to be utilised and walling stone wherever practicable. It is also proposed to reuse the existing UPVC window and repaint in anthracite rather than to remove and dispose.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

The client is conscious and keen on reducing the carbon footprint and reduce future emissions.
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Window & door openings have been kept to a minimum as has the footprint.
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
The additional 2 no parking spaces shall be surface water permeable and incorporate a soakaway if required.
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
n/a
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
n/a
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
n/a
