

Consultation response from KC PROW (footpaths)

2026/90413 land off Enfield Drive, Carlinghow

Permission in principle for erection of one dwelling

Date Responded : 10/3/26

Responding Officer : Sharon Huddleston

From the information provided Prow would object to the application. The public footpath Batley 23 runs up the access to what would be the drive to the property. The access is narrow and no indication is given on the safety of pedestrians, especially during construction. Further details of how the path is to be incorporated into the development and the protection of the path and its users would need to be provided with any application.

Prow are pleased that the footpath is acknowledged, however we would need additional details of the section where the timber fence separates the garden from the path.

If consent is granted please add the following footnote :-

FOOTNOTE Public footpath Batley 23 is the access to and adjacent to the development and must not be interfered with or obstructed, prior to, during or after development works.
