

Planning (Listed Buildings and Conservation Areas) Act 1990

LISTED BUILDING CONSENT

Application Number: 2026/65/90416/W

To: Haris Kasuji,
RR Planning Limited
82A, Otley Road
Headingley
Leeds
LS6 4BA

For: I Miller, Luxury Leisure

The KIRKLEES COUNCIL hereby give notice that LISTED BUILDING CONSENT has been granted for the execution of the works referred to:-

LISTED BUILDING CONSENT FOR REPLACEMENT OF EXISTING
ALUMINIUM SHOPFRONT AND GLAZING WITH TIMBER SHOPFRONT AND
GLAZING WITH ASSOCIATED EXTERNAL AND INTERNAL ALTERATIONS
(WITHIN A CONSERVATION AREA)

At: KFC, 9, NEW STREET, HUDDERSFIELD, HD1 2AX

In accordance with the plan(s) and applications submitted to the Council on 12-Feb-2026 subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to Section 18(1) of the Planning (Listed Buildings and Conservation Areas) Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to ensure the satisfactory appearance of the development on completion to retain the significance of

the designated heritage asset and to accord with Policy LP35 of the Kirklees Local Plan, as well as Chapter 16 of the National Planning Policy Framework.

Plans and specifications schedule: -

Plan Type	Reference	Revision	Date Received
Ordnance Survey Location Plan	3599(B)03	-	12/02/2026
Floor Plans as Existing	3599(B)01	-	12/02/2026
Elevations as Existing and Proposed	3599(B)02	E	15/06/2026
Existing Site Plan	3599(B)04	-	12/02/2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application. The Case Officer undertook negotiations with the agent to secure amended plans. The revised drawings received addressed officer concerns with regard to visual amenity.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording “submitted to and approved in writing by the Local Planning Authority”.
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.

- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

[Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for

foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: <http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>
[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here -

<https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property)

Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he/she may, by notice served within six months of the date of issue of this notice, appeal to the Secretary of State for the Environment in accordance with Sections 20-21 of the Planning (Listed Buildings and Conservation Areas) Act 1990. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision> Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>. You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the Local Authority in regard to the proposed works are in progress.

Please note, only the applicant possesses the right of appeal.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.
