

KIRKLEES METROPOLITAN COUNCIL INVESTMENT & REGENERATION SERVICE

DEVELOPMENT MANAGEMENT

Town and Country Planning Act 1990 (as amended) – SECTION 70

DELEGATED DECISION TO DETERMINE PLANNING APPLICATIONS

Reference No:	2026/62/90433/W
Site Address:	55, Slaithwaite Road, Meltham, Holmfirth, HD9 5PG
Description:	Erection of single storey front extension and associated alterations
Recommending Officer:	Joshua Merriman

DECISION – CONDITIONAL FULL PERMISSION

I hereby authorise the approval of this application for the reasons set out in the officer's report and recommendation annexed below in respect of the above matter.

John Holmes

AUTHORISED OFFICER

Date: 13-Apr-2026

Officer Report – 2026/90328

Site Description

The application site refers to 55, Slaithwaite Road, Meltham, Holmfirth, HD9 5PG, a two-storey detached property faced in coursed stone, with a pitched concrete tiled roof, and white uPVC windows and doors. The application property lies in a slightly varied street scene, surrounded by dwellings of differing sizes and scales, but mostly of a similar character, appearance, and age. The property benefits from a hard-standing parking area to the front, as well as further amenity space to the rear.

Description of Proposal

The Scheme

The applicant is seeking permission for Erection of single storey front extension and associated alterations.

Supporting Information

In addition to the submitted plans the following documents have been submitted to support the application:

- Climate Change Statement

History of Negotiations / Amendments Received

No amendments have been requested by Officers.

Relevant Planning History

The most relevant planning history relates to the following planning applications

87/00035 - Erection of first floor extension to form games room – Granted Conditionally.

Representations

Publication of the application has been undertaken in accordance with the Council's Development Management Charter (July 2024).

The application has been publicised on the Council's website and by site notice. The expiry date of the publicity period was the 11/04/2026.

Letters of Comment

- Meltham Town Council have been consulted stating they support the development

Consultation Responses

No consultations considered necessary.

Allocation and Policy

The site is unallocated within the Kirklees Local Plan (adopted 2019). The site located within a bat alert layer and twice buffer.

The following legislation, policy and guidance is considered relevant to the determination of this application:-

Kirklees Local Plan

- LP1 Achieving Sustainable Development
- LP2 Place Shaping
- LP21 Highway and Access
- LP22 Parking
- LP24 Design
- LP30 Biodiversity and Geodiversity

National Policies and Guidance

National planning policy and guidance is set out in National Policy Statements, primarily the National Planning Policy Framework (NPPF) published December 2024, the Planning Practice Guidance Suite (PPGS) first launched 6th March 2014 together with Circulars, Ministerial Statements and associated technical guidance.

A consultation draft of the National Planning Policy Framework (the Framework) was published on 16 December 2025. As a consultation, the document is at an early stage and subject to change. Accordingly, for the purposes of this application, no weight is given to the current consultation document.

The NPPF constitutes guidance for local planning authorities and is a material consideration in determining applications.

- Chapter2 Achieving sustainable development
- Chapter12 Achieving well-designed places
- Chapter14 Meeting the challenge of climate change, flooding and coastal change
- Chapter15 Conserving and enhancing the natural environment

Supplementary Planning Documents / guidance

- Kirklees Highway Design Guide (adopted November 2019)
- House Extensions & Alterations SPD (adopted June 2021)

The Biodiversity Net Gain Technical Advice Note

Legislation

The Town & Country Planning Act 1990 (as amended).
The Planning and Compulsory Purchase Act 2004.
The Conservation of Habitats and Species Regulations 2017

Section 38(6) of the Planning and Compulsory Purchase Act 2004 sets out that in considering planning applications the determination must be made in accordance with the plan unless material considerations indicate otherwise

Assessment

1 – Principle of Development

Policy LP1 of the KLP states that when considering development proposals, the Council will take a positive approach that reflects the presumption in favour of sustainable development contained in the NPPF.

Paragraph 11 concludes that the presumption in favour of sustainable development does not apply where specific policies in the NPPF indicate development should be restricted. This too will be explored.

Policy LP2 of the KLP sets out that all development proposals should seek to build on the strengths, opportunities and help address challenges identified in the Local Plan.

The dimensions of sustainable development will be considered throughout the proposal.

In terms of extending and making alterations to a property, Policy LP24 of the KLP is relevant, in conjunction with the House Extensions and Alterations SPD and Chapter 12 of the NPPF, regarding design. In this case, the principle of development is considered acceptable, and the proposal shall now be assessed against all other material planning considerations, including visual and residential amenity, as well as highway safety.

These issues along with other policy considerations will be addressed below.

Considering the above policy, the principle of the development is considered to be acceptable.

2 – Impact on character and appearance of the area

Visual Amenity

Section 12 of the NPPF discusses good design. Good design is a key aspect of sustainable development, it creates better places in which to live and work and helps to make development acceptable to communities. Local Plan Policies

LP1, LP2 and most importantly LP24, are all also relevant. All the policies seek to achieve good quality design that retains a sense of local identity, which is in keeping with the scale of development in the local area and is visually attractive.

Local Plan Policy LP24(a) states that all proposals should promote good design by ensuring the following: *‘the form, scale, layout and details of all development respects and enhances the character of the townscape, heritage assets and landscape’*.

Key Design Principles 1 and 2 of the Council's adopted House Extensions & Alterations Supplementary Planning Document (SPD) seek to ensure development is subservient to the host property and in keeping with the character of the locality.

The recommendations of Paragraph 5.14 of the Council's House Extensions and Alterations SPD is considered relevant to this application.

The proposed front extension is well set back from the pavement and well screened by natural trees and bushes to the front of the application site. Moreover, the extension is small and subservient to the original building, and is to be constructed using sympathetic materials including render and timber cladding, which is considered to match the existing support poles and garage frontage, as well as concrete roof tiles and black uPVC and aluminium windows, which will not stand out on the frontage of the dwelling and are thus considered acceptable in this case.

It is therefore considered that in terms of residential amenity, the proposed would comply with Policy LP24 of the Kirklees Local Plan, Principles 3, 4, 5 and 6 of the adopted House Extensions and Alterations SPD, and advice within Chapter 12, and Paragraph 135, of the National Planning Policy Framework.

3. Impact on Residential Amenity

Sections B and C of LP24 states that alterations to existing buildings should:

“...maintain appropriate distances between buildings’ and ‘...minimise impact on residential amenity of future and neighbouring occupiers.”

Further to this, Paragraph 135 of the National Planning Policy Framework states that planning decisions should ensure that developments have a high standard of amenity for existing and future users.

Key Design Principles 3, 4, 5 and 6 of the Council's adopted House Extensions & Alterations SPD seek to ensure development does not have a detrimental impact upon privacy of neighbouring occupiers, cause unacceptable levels of overshadowing or be unacceptably oppressive / overbearing.

The recommendations of Paragraph 5.14 of the Council's House Extensions and Alterations SPD is considered relevant to this application.

Given the limited scale of the development and its location away from neighbouring properties, as well as the application site being well naturally screened to all sides, it is considered that there would therefore be no significant impact upon neighbouring properties regarding overshadowing, overbearing, light, or outlook.

Given there are existing windows in the front elevation of the dwelling, and those proposed are on the ground floor and no closer to any adjacent dwellings, there will be no increase in impacts upon privacy or overlooking.

It is therefore considered that in terms of residential amenity, the proposed would comply with Policy LP24 of the Kirklees Local Plan, Principles 3, 4, 5 and 6 of the adopted House Extensions and Alterations SPD, and advice within Chapter 12, and Paragraph 135, of the National Planning Policy Framework.

4. Impact on Highway Safety

Policies LP21 and LP22 of the Kirklees Local Plan and Chapter 9 of the NPPF relate to access and highway safety and are considered to be relevant to the consideration of this application. The Council's adopted Highway Design Guide and Key Design Principle 15 of the adopted House Extensions & Alterations SPD which seek to ensure acceptable levels of off-street parking are retained are also considered to be of relevance.

Principle 19 of the Council's adopted House Extensions & Alterations Supplementary Planning Document (SPD) requires the provision for waste storage and recycling must be incorporated into the design of new developments in such a way that it is convenient for both collection and use whilst having minimal visual impact on the development.

It should be noted that although nothing specific is detailed on the submitted plans, the site will retain adequate space for waste storage.

The number of bedrooms in the property will not increase as a result of the development, and the on-site parking provision will remain unaffected, therefore, the current parking provision is considered acceptable to remain.

It is therefore considered that in terms of access and highway safety / parking the proposed would comply with Policies LP21 and LP22 of the Kirklees Local Plan, Principle 15 of the Council's Street Design Guide and Chapter 9 of the National Planning Policy Framework.

5. Climate Change

On 12th November 2019, the Council adopted a target for achieving 'net zero' carbon emissions by 2038, with an accompanying carbon budget set by the

Tyndall Centre for Climate Change Research. National Planning Policy includes a requirement to promote carbon reduction and enhance resilience to climate change through the planning system and these principles have been incorporated into the formulation of Local Plan policies. The Local Plan predates the declaration of a climate emergency and the net zero carbon target. However, it includes a series of policies, which are used to assess the suitability of planning applications in the context of climate change. When determining planning applications, the Council will use the relevant Local Plan policies and guidance documents to embed the climate change agenda.

Considering the scale and nature of the proposed development, especially that it is for private use, it is considered that the proposed development would not have an impact on climate change that needs mitigation to address the climate change emergency. The proposed development would therefore comply with Chapter 14 of the National Planning Policy Framework.

6. Other Matters

Impact upon Ecology

Chapter 15 of the National Planning Policy Framework is relevant, together with The Conservation of Habitats and Species Regulations 2017 which protect, by law, the habitat and animals of certain species including newts, bats and badgers.

Policy LP30 of the Kirklees Local Plan requires that proposals protect Habitats and Species of Principal Importance. Whilst it is acknowledged that the site is located within an identified bat roosting area and twite buffer, the proposals are relatively modest, and in this case would not impact upon the existing roof space which has the potential for providing a roost for bats or twites. Therefore, it is considered unlikely that the proposals would have a significant impact on the bat and twite population. An informative would be included making the applicant aware that if bats or twites are discovered on site during the works, any development shall cease, and the applicant is advised to contact Natural England for advice on how to move forward. Subject to informative the proposal is considered to be acceptable in this regard.

7. Representations

The response of the Parish Council is noted and taken into account in the assessment of this application.

8. Conclusion

The NPPF has introduced a presumption in favour of sustainable development. The policies set out in the NPPF taken as a whole constitute the Government's view of what sustainable development means in practice.

This application has been assessed against relevant policies in the development plan and other material considerations. It is considered, the

proposed development would constitute sustainable development and is therefore recommended for approval.

**Recommendation
PERMISSION**

CONDITIONAL FULL

Decision Authorisation: Delegated Powers

Application Number: 2026/90433

Officer Recommendation: Conditional Full Permission

Conditions

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP01, LP02, LP21, LP22 & LP24 of the Kirklees Local Plan, Principles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 & 15 of the Council's adopted House Extensions & Alterations Supplementary Planning Document and Policies within Chapters 2, 9, 12 and 14 of the National Planning Policy Framework.

NOTE: Due to its location, a bat roost may be present on site. Bats are a European protected species under regulation 42 of The Conservation of Habitats and Species Regulations 2017. It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not. If bats are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

NOTE: The applicant is advised that under the Wildlife and Countryside Act 1981 and The Conservation of Habitats and Species Regulations 2018, the developer is required to take account of the timing of works in relation to the bird breeding season. An inspection to check for the presence of nesting birds is advised if demolition and/or site/vegetation clearance works are likely to take place during the bird breeding season (1st March to 31st August inclusive). If twites are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Location Plan	345-25-PL03RevA	-	17/02/2026
Existing Floor Plans, Elevations and Site Layout	345-25-PL01RevB	-	17/02/2026
Proposed Floor Plans, Elevations and Site Layout	345-25-PL02RevC	-	17/02/2026
Application Forms	-	-	17/02/2026
Climate Change Statement	-	-	17/02/2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application. No amendments were sought as it was considered that the proposal was acceptable as submitted.
