I wish to object to planning permission for this development The land was donated to the village by owners of Norton Mill Scissett specifically for sports use. My understanding was that ownership could revert back if sports activities ceased. The club have cut back on use recently i.e the cricket club gone. The existing facilities are more than adequate for existing use and funds are available from the parish council and lottery for any improvements felt needed. We have no guarantee the funds raised would be spent as detailed. If one house is built it will make it very difficult to stop further building and erosion of the sports ground. We have had large number of new builds in these small villages and its wrong to start chipping away at land given to the community for a specific purpose. Kirklees should not be encouraging this type of development.
