<p>Concerns: wildlife in the area will be disturbed / lose their environment; noise and disturbance during building works is a great concern both for wildlife and current residents (we bought here due to the quiet street and lack of building opportunities - our dog will struggle throughout any building period); the street is a throughway and has a nursery at the bottom so large vehicles etc is a worry for safety and access for drop off/pick up; the road becomes icy and dangerous in winter which has resulted in crashes before, and extra roadworks and traffic here could cause more risk; I gather that this sale is to raise funds for further development for which there are no details provided; it appears that the development will result in existing houses being overlooked and blocking their sunlight; the access route is surely not wide enough for development.</p>
