Do you wish your comments to be published on the website anonymously?	Yes
From a safety aspect and considering there is a nursery school (for 0 -5 year olds) at the bottom of Lower Common Lane I believe access to the proposed dwelling would be particularly dangerous. There are already several cars parked daily on or around Lower Common Lane so the potential of more vehicles would in my opinion be a concern. I take a daily walk around the village and can confirm the parking and road usage at this site is particularly bad at school opening and closing times. Having lived in Clayton West for the past 60 years and being a keen walker I appreciate the openness of village living and feel a large dwelling on this site will impede the openness and visual aspect on this area of the village. Considering the dwelling will be situated on higher ground than the existing properties it will overlook many of them taking away their views and privacy. The dwelling will also not be in keeping with the properties currently situated in that area.
