<p>Regards to this application i strongly object to this project going ahead. The access onto Lower Common Lane would make this junction too busy as it is directly adjacent a children's nursery school which is busy enough at certain times of the day. The access to the site is also too tight between the existing houses with one of the houses having pedestrian access which would not be possible to add a vehicle access as well.</p> <p>The size of the property is also oversized and would impact the houses below as it would overlook these properties and also on the drawings shows a first floor balcony which would also impede their privacy.</p> <p>Speaking to people this land is left in trust for community recreational purposes but looking at this it is being done for monetary gain to fund other projects. Surely other areas need to be addressed if funds are required.</p>
