<p>As a individual who frequents this establishment, I want to submit my support for this application. It has been upsetting to see the decline of the rafa building over the years and now that it will be put to good use can only be considered a good thing.</p> <p>There is plenty of private parking at the rear of the building the benefit is that due to the Rafa building having a direct access to the rear will result in majority of the visitors using the car park as oppose to parking on cambridge street itself.</p> <p>I urge KMC to approve this application</p>
