As elderly residents of Church Lane Gomersal we are very concerned about the application for change of use of 143 Church Lane from a three bedroomed detached house into a four/five bedroomed property to house young vulnerable children aged 7 to 18 years old. with carers. The property is situated on a busy main road. There is parking for two cars only at the front and very little space at the rear for children to play. The double garage has been converted into living accommodation. No doubt there would be several vehicles attending the property regularly to look after the various needs of the children day and night thus causing problems on the roadside and pavement. Since building work has been carried out residents of Church Lane and The Coppice have found great difficulty being able to see to exit safely. Therefore I would respectfully request that the application be refused.
