

**Town and Country Planning Act 1990**

**Town and Country Planning (General Development Procedure) Order 1995**

**REFUSAL OF CONSENT TO DISPLAY ADVERTISEMENT(S)**

---

**Application Number: 2026/64/90538/W**

---

**To:** Louis Freeman  
Mitie  
TSOC  
Pacific House  
Atlas Park  
Simonsway  
Wythenshawe  
M22 5PR

**For:** Safia Rana-Jaswal, BT Telecommunications Plc

**In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby refuses consent to:-**

ADVERTISEMENT CONSENT FOR ERECTION OF 2 DIGITAL 75INCH LCD ADVERT SCREENS (WITHIN A CONSERVATION AREA)

**At:** ADJ NANDO'S, JOHN WILLIAM STREET, NEW STREET,  
HUDDERSFIELD, HD1 1BR

**In accordance with the plan(s) and applications submitted to the Council on 24-Feb-2026. The reasons for the Council's decision to refuse consent for the advertisement(s) to be displayed are:-**

1. The proposed Street Hub would include illuminated screens on both sides. These are an integral part of the development under consideration. The proposed Street Hub and digital display screens, owing to their scale, prominent siting, and means of illumination, would be a visually incongruous and intrusive feature that would cause harm to the significance of the Huddersfield Town Centre Conservation Area, in which there are several listed buildings close by. The public benefits associated with the proposed development would not outweigh the less than substantial harm caused to the significance of the Conservation Area.

In addition, the proposal would add further illuminated street clutter which would detract from the character of the wider Town Centre, and would prejudice the aims of the Huddersfield Blueprint, a ten-year regeneration initiative to rejuvenate the Town Centre and enhance public spaces. The proposal is therefore contrary to Policies LP17(a), LP24(a), and LP35 of the Kirklees Local Plan, Chapters 12 and 16 of the National Planning Policy Framework and Sections 66 & 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2. The proposed Street Hub would include illuminated screens on both sides. These are an integral part of the development under consideration. The proposed illuminated screens, by virtue of their siting, illumination and the orientation of advertisements displayed, and by reason of conflicting with the clarity and effectiveness of a signalised junction, would create an unnecessary distraction to road users and pedestrians along a well-used vehicular and pedestrian route in Huddersfield town centre. This would be to the detriment of public and highway safety and the local highway network adjacent to the site, and thus contrary to Policy LP21 of the Kirklees Local Plan and policies contained within the National Planning Policy Framework.

Anti-social Behaviour Management Plan	Version 3	24th February 2026
Planning Statement dated 20th February 2026	HUD-03	24th February 2026
Application Form		24th February 2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

The case officer did not request amended or additional plans since the planning concerns related to the principle of the development rather than details.

## Development within a Coal Mining Area

### DEVELOPMENT HIGH RISK AREA - INFORMATIVE NOTE

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

[Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: <http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>

[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](#)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here -

<https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](#)

## Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse this application, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

All advertisement appeals have to be submitted to the Secretary of State within 8 weeks of the date of issue of the Local Planning Authority's decision against which you are appealing.

Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorate's website <https://www.gov.uk/government/organisations/planning-inspectorate>.

You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted advertisement consent or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to [dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk) so that we can work on continually improving our customer service. Thank you.

Dated: 20-Apr-2026

Signed:

David Shepherd  
Executive Director for Place

## **Application Plans**

The decision notice indicates which plan/s relate to the decision.

Plans can be viewed on the Planning and Building Control web site:

<http://www.kirklees.gov.uk/business/planning/planning.asp>

If a paper copy of the decided plan is required please email:

[dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk)

or telephone (01484) 414746 with the application number.

There may be a charge for this service.
