"Spenn Valley Civic Society has studied application 2026/90565 and wishes to comment. We are puzzled by the application, because it is for the garden of a residential property. We have never observed farming/agricultural activities taking place in these grounds. We also consider the size of the proposed building is over-large in relation to the site. We therefore ask for your comments to be recorded as an objection."

Many thanks,

Spenn Valley Civic Society
