Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
This is a large extension on a home at the entrance to a small part of the street which has narrow cul de sac access. This will affect all surrounding houses both with the increase of traffic from contractors and has no space for scaffolding wagons safely. The noise will have a huge negative impact on people living close by and also on the residents of the dementia care home near by. The greenway and park are a pull for children from the street which will be put at risk from increased traffic including huge lorry's and vans.
