<p>1. The open aspect perhaps benefits the look of the house but the back of the walls definitely are unsightly for neighbours and not in keeping with the area. Privacy is reduced too with the higher front garden.</p> <p>2. The tree at the back on the land behind looks precarious and unsafe presumably with root movement and rain or bad weather. Whose responsibility is this?</p> <p>3. The new paved drive has no permission and did not have vehicular access previously as suggested on planning.</p> <p>4. Linked to this there seems to be a car business operating between this residence on the drives and the property owned opposite at 81 Heaton Rd. ( note there were 8 wrecked cars on that drive at one point with car parts srewn about and unsightly rubbish /furniture especially upsetting for heaton garden residents not to mention a health issue)</p>
