TOWN AND COUNTRY PLANNING ACT 1990
Town & Country Planning (Tree Preservation)(England) Regulations 2012

NOTICE OF REFUSAL OF CONSENT TO FELL AND/OR PRUNE

Application Number: 2026/90707

In pursuance of its powers under the above mentioned Act and Regulations and the Tree Preservation Order made by the Kirklees Metropolitan Council (hereinafter called 'the Council') as Local Planning Authority and pursuant to the application submitted to the Council on 12-Mar-2026:-

THE COUNCIL HEREBY **REFUSES** TO CONSENT TO THE CARRYING OUT OF THE FOLLOWING OPERATIONS TO THE PROTECTED TREE(S) TPO No. 23/77

At: Uplands View, 12, Heaton Road, Upper Batley, Batley, WF17 0AT

Work as specified within Arboricultural Report: 260204TS

The **REASONS** for the Council's decision to refuse to grant consent are:

1. These trees are a prominent landscape feature in the locality and as such contribute significantly to public amenity consequently the grounds for their removal/ the pruning proposed must be weighed against the amenity they provide.
2. Due to their prominent location, visible from Timothy Lane and Heaton Road, within the Upper Batley Conservation Area, these trees contribute significantly to public

amenity. The trees are in apparent good health and show no signs of obvious major defect which would make them a threat to person or property.

3. Ash dieback is a significant threat to the health of Ash trees throughout Kirklees however the current advice from the Arb Association and Forest Research Institute is not to remove trees if they appear to be resistant and do not present unmanageable risks. T1 did not appear significantly affected by Ash dieback and no evidence of its decline has been provided to justify its removal at this time.
4. G2 is a boundary group of trees within the front garden of the property which is raised up from the roadway. The trees are causing no obstruction or obvious issues to the roadway. There was no obvious safety reason for reducing back the canopies over the road and the branches did not appear to be over-extended to justify the pruning proposed.
