Subject: Meltham Town Council Planning Application Responses

Following our planning meeting last night, please note the comments below:-

2025/62/93464/W:

The Council supports this application in principle as it will bring jobs into the area but would need to object on the grounds of unsuitable access, the current and new highways issues it will bring along with the incremental use of the access road from the existing residents of Station Road.

2026/62/90785/W:

Supported.

2026/62/90727/W:

Noted.

2026/62/90806/W:

Supported.

Kind regards,

Mark
