Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I am a long term resident of Flockton and am familiar with the history and previous uses of the site. I wish to raise concerns regarding the description of the site in the application, which refers to it as a former petrol station, I am concerned that the application places undue emphasis on an historic petrol station use that has not operated for several decades and does not accurately reflect the site's more recent and relevant planning history. In planning terms, the proper baseline for assessment should be the site's most recent lawful use, rather than a long discontinued use. I therefore request that the Local Planning Authority ensure the proposal is assessed on the basis of an accurate and complete planning history.</p>
