Planning application 2026/90783 for the proposed petrol filling station at Rockwood Garage, Wakefield Road (WF4 4DS). The development conflicts with the Kirklees Local Plan, particularly Policy CC1 (Climate Change) and Policy T1 (Sustainable Transport), by promoting continued fossil fuel use rather than supporting low-carbon transport. It also raises concerns under Policy EN8 (Air Quality) and Policy PLP1 (Design Principles) due to increased vehicle movements, emissions, noise, and disturbance affecting nearby residential properties along Wakefield Road. The site's access onto a busy road is likely to create additional turning movements, congestion, and potential safety risks. There is no clear need for another petrol station in this location given the number of existing facilities nearby on the same corridor.
