User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
People are tired of villages like ours being treated as empty space for more development. Grange Moor is a real community where people live, raise families, walk their children to school, and try to enjoy some peace. We already deal with heavy traffic and busy roads every single day. Adding a petrol station will bring even more pollution, danger, and disruption into the heart of the village. It honestly feels like the character of Grange Moor is being slowly chipped away, piece by piece. What makes this place special is disappearing under constant development that local people never asked for and do not need. This is not progress for the people who live here. It is another decision that puts convenience and profit ahead of residents and the community itself. Please reject this application and protect what is left of our village. Kind regards
